

# Cruel

PUP

We're not letting it die, and it's taking its toll  
Don't wanna fake it anymore  
I need to stop 'cause it's taking me down  
But the thought of doing that is freaking me out

And I didn't mean to be cruel to you  
No, I didn't mean to be cruel  
Woo!

Not trying to lie, just soften the truth  
But goddamn, none of it ever cuts through  
I keep pushing it back, we both need some time  
But the longer I wait, the more that I wanna die

I didn't mean to be cruel  
No, I didn't mean to be cruel  
No, I didn't mean to be cruel  
No, I didn't mean to be cruel to you  
No, I didn't mean to be cruel

Oh yeah!
