No Control

Ducci

i cant controle dem ducci got flow
we puppets cant stop stayin dirty
this one goes a little further than your average club
or garden party
ah what the puck did you think inviting those freaks
but none of us,
its crystal clear that wes gonna rock, we might do
stink but trash your block!

Chorus:

i cant controle it, my man the pig-spurting sound ready
to role shit
(thats the way wes gonna do ya- fertilize da ground!)
i cant controle it, my man maloke, pumping sound- ready
to role shit!
(thats the way wes gonna do yeax!)

this is our time this is our show
this is that way that wont let you go
this is our beat
this is our rhyme
this is that way we roast that dime!...

Frogga:

highly equipped with all of my tickets
snatch it off like a rebound and flic it!
disaster, how about this sound- its over!
the master is comin like a heavy ranchrover
what is da dealin where come da feelin from
when im steppin on down to the pond
listenin forms of me rubberbombs comin
this is da cryptic mikes we get hummin..

i cant controle it,...
