

## Digging Too Deep

Puracane

You're digging too deep  
Just been told I miss you  
A couple of weeks  
I'm in a despair  
You're digging too deep  
I may not forgive you  
Oh, taking over by my haunted bed  
Oh, so much colder, how can I forget  
How long did you know  
How long could you go  
How long were you gonna let me in  
How long did you know  
How long could you go  
How long were you gonna let me in  
You're allowed to take away  
You're allowed to take away  
You're allowed to take away  
I'm sorry you did it  
Oh, taking over by my haunted bed  
Oh, so much colder, how can I forget  
How long did you know  
How long could you go  
How long were you gonna let me in  
How long did you know  
How long could you go  
How long were you gonna let me in  
You're allowed to take away  
You're allowed to take away  
You're allowed to take away  
I'm sorry you did it  
You're digging too deep  
You're digging too deep  
You're digging too deep  
Just been told I miss you  
You're allowed to take away  
You're allowed to take away  
You're allowed to take away  
I'm sorry you did it  
You're allowed to take away  
You're allowed to take away  
You're allowed to take away  
It's allowed to take...
