

# Worst Side

Puracane

I start to feel like you don't know  
But it's the lie  
I thought my heart would overflow  
And I was right

There was a time I would do anything  
Just to keep the ?? spark of us alive  
Now I've see and told you everything  
And it's never gonna change enough

Oh I've seen the worst side  
You  
Best not to let you  
To  
Try me again  
You pulled it back from the edge

I thought that I would let you go  
Without a fight  
I thought that I was in control  
I don't know why

I couldn't wait for you to answer me  
It was easier to read between the lines  
If I have seen you coming after me (?)  
And I've never gone away ???

Oh I've seen the worst side  
You  
Best not to let you  
To  
Try me again  
You pulled it back from the edge

Oh I've seen the worst side  
You  
Best not to let you  
To  
Try me again  
You pulled it back from the edge

Oh I've seen the worst side  
You  
Best not to let you  
To  
Try me again  
You pulled it back from the edge

Oh I've seen the worst side  
You  
Best not to let you  
To  
Try me again  
You pulled it back from the edge

Oh I've seen the worst side  
You

Best not to let you
