

## Angel #9

### Pure Prairie League

Turn around looks like it's happened one more time  
Somethin's wrong I can't find a reason or a rhyme  
But if you find out don't try to tell me cause I can't feel any  
thing at all  
Sun lights you ya gotta shine on through so I can have it all

If you find lots of other reasons to keep me near  
Don't tell me I think I've had it all way up to here  
Yeah but if ya find out don't try to tell me cause I can't feel  
anything at all  
Sun lights you ya gotta shine on through so I can have it all  
But I

Got to find a reason to feel the way I do  
I'm gettin' kinda tired of pleasin' them but I  
Want you here beside me yes I do

So turn around and take a good long look at what they're tryin'  
to do to me  
No matter how hard I look you know I just can't seem to see...  
but ya know I  
Got to find a reason to feel the way I do  
I'm gettin' kinda tired of pleasin' them but I  
Want you here beside me yes I do
