

## I'll Be Damned

Pure Prairie League

Well I met you a year ago this morning  
Give or take a day or two  
And now that you tell me you're leaving  
Well I don't know what I'll do

[Chorus:]

Well I'll be damned if I let you  
Tear what we had apart  
Well I'll be damned if I let you  
Well I'll be damned if I let you break my heart

Well I gave you all the love I had  
That's only where I found some more  
You tell me that ain't what you're after  
That ain't what you're looking for  
I'll be damned if I let you

Tear what we had apart  
Well I'll be damned if I let you  
Well I'll be damned if I let you break my heart  
Oh precious love please don't go  
Well I can't get by on my own  
Well I cry a river when you're leaving  
A whole lot more when you're gone

[Chorus]
