

I'm Goin' Away

Pure Prairie League

Six o'clock in the mornin', sun is in my eyes
I gotta leave ya darlin' by the mornin' light
Goin' away... today... Goin' away... to stay

I gotta leave the city, it just ain't my style
I think I'll head for the country and stay out for a
while
Goin' away... today... Goin' away... to stay

Nobody stop me, it'll do no good
You should've loved me when you could... when you could

Nobody stop me, it'll do no good
You should've loved me when you could... when you could

Six o'clock in the mornin', the sun is in my eyes
Now I've left ya darlin', I'm seein' clearer skies
Goin' away... today... Goin' away... to stay
Goin' away... today... Goin' away... to
Stay
