

Louise (What I Did)

Pure Prairie League

Well, won't somebody tell me what I did last night
I can't seem to remember a thing
Where's Louise did she come home alright
I lost my wallet and my new diamond ring

Woah, Louise baby please won't you talk to me
You know I'm not a beggin' man bit you got me down on my knees
Gee, I would apologize if I only could
You know I don't know what I did but I know it ain't good

Won't somebody tell me what it was I did last night
Well, the last thing I remember I was down on Union Street
I was having a drink with some girlfriends of Louise

One said "hey baby let's give it a shot"
She said "just show me what you got baby I hear that you're hot
"

Won't somebody tell me what it was I did last night
Well, won't somebody tell me what I did last night
I can't seem to remember a thing
Where's Louise did she come home alright

She's got my wallet and my new diamond ring
Woah, Louise baby please won't you talk to me
You know I'm not a beggin' man bit you got me down on my knees
Hey baby, come on let's give it a go
You know I bet you to win and you did not even show

Won't somebody tell me what it was I did last night
Now will somebody tell me what it was I did last night
