

Misery Train

Pure Prairie League

I'm blue Lord I feel so sad
Well I've lost the best thing that I had
She left me and went away and now she's gone
Lord it's cold in this world alone

Well I thought that our love was strong
Didn't know that I was so wrong
She told me she loved me and never go
Lord she's gone why I'll never know

Bound to ride on the misery train
It's cruel to ride in the blue and lonesome rain
Bound to ride on the misery train
Bound to ride on the misery train

You're on my mind every single day
I can't believe you treated me this way
Misery train is comin' down the track
Get on board I won't be coming back

Bound to ride on the misery train
It's cruel to ride in the blue and lonesome rain
Bound to ride on the misery train
Bound to ride on the misery train
