

# My Young Girl

Pure Prairie League

Hey, you are my young girl  
Hey, you are my young girl

You came over then you said you had to go  
I just couldn't seem to make you smile  
Almost night you said you needed to sew  
Don't you think you should escape for a while  
Ain't a place that easy now you're pleasin' hard  
Captain says, it's easy to see  
All those girls they just like my guitars  
You're the only girl who really likes me

Hey, you are my young girl

I just can't say that I love you motor, mama  
But I need you more than ever  
I just can't feel an emotion an so  
Cause you keep growin' up an' gettin' better  
Now you're lyin' so close to me  
I feel ya wanna go for more  
I can't believe the beauty I see  
Never been loved like this before

Hey, you are my young girl  
Hey, you are my young girl

Hey, you are my young girl  
Hey, you are my young girl  
Hey, you are my young girl  
Hey, you are my young girl
