

Are you looking for a Savior
Someone that will be by your side
Savior
Someone that will stay for all time
Savior
Someone who can take everything
That's wrong in your life
and somehow make it right

Savior
Someone who won't let you down
Savior
Someone who won't let you drown
Savior
When this world spins you around
He is the one that will hold you steady now

[CHORUS X2]

Let me introduce you to Jesus
Let me introduce you to Jesus
He's got so much love for you
That He opened up His arms
and gave His life for you

Are you looking for a Savior
Someone who sees all your scars
Savior
Someone who stills wants you heart
Savior
Someone who knows where you are
Showing you the way like a light in the dark

Savior
Someone who's closer than a friend
Savior
Someone who'll be there to the end
Savior
When you're lost and in the storm
You will never be alone
He will lead you home

[CHORUS X2]

When you feel like you're gonna break
When you're not strong enough
And you're looking for faith
To hold on, to hold on
And when you need a brand new day
A new beginning in your life
Open up your heart inside

[CHORUS]
