

It Ain't Over

Puri

At first if you don't succeed then you gotta try harder
There's a million ways to the finish line it ain't over
At first if you don't succeed then you gotta go harder
There's a million ways to the finish line it ain't over

It's a intricate situation I am in
You see I've tried and tried and I can't find my way in
Oh oh
How many times must I try
To silence the pressure in my mind oh
Is it crazy to think that I could be something more
I say no no
Cause I got a dream, that I hang my head on high and I see it t
hen

At first if you don't succeed then you gotta try harder
There's a million ways to the finish line it ain't over
At first if you don't succeed then you gotta go harder
There's a million ways to the finish line it ain't over

Oh oh oh oh oh oh oh oh
Oh oh oh oh it ain't over

Brother may keep grinding, you'll get your timing
They can't take our power from us, you gotta keep on trying
Sister you're still worth it, I know you deserve it oh yeah
Don't you let it fade away, be yourself and take your place
You got it, you own it
If you want it, go take it
You're so special, don't doubt it
If you see it, go make it

Cause you got a dream that you hold your head on an high, and I
see you clear

At first if you don't succeed then you gotta try harder
There's a million ways to the finish line it ain't over
At first if you don't succeed then you gotta go harder
There's a million ways to the finish line it ain't over

Oh oh oh oh oh oh oh oh
Oh oh oh oh it ain't over
Oh oh oh oh oh oh oh oh
Oh oh oh oh it ain't over
