

# Higher Ground

## Purple Disco Machine

You spin me up and around

You spin me up and around

You spin me up and around

You spin me up and around

(Keep on, keep on, keep on)

(Keep on, keep on, keep on)

You spin me up and around

(Keep on, keep on, keep on)

There's nothing taking me down

(Keep on, keep on, keep on)

You spin me up and around

We keep on reaching higher ground (Keep on)

There's nothing taking me down

(Keep on, keep on, keep on)

You spin me up and around

We keep on reaching higher ground (Keep on)

There's nothing taking me down

(Keep on, keep on, keep on)

You spin me up and around

There's nothing taking me down

You spin me up and around

We keep on reaching higher ground

Nowhere to be found

You lift me up inside

You spin me up and around

We keep on reaching higher ground

Nowhere to be found

You lift me up inside

There's nothing taking me down

We keep on reaching higher ground

We're safe in the sounds

You make me come alive

You spin me up and around

You spin me up and around

(Keep on, keep on, keep on)

You spin me up and around

(Keep on, keep on, keep on)

You spin me up and around

(Keep on, keep on, keep on)

There's nothing taking me down

(Keep on, keep on, keep on)

You spin me up and around

We keep on reaching higher ground (Keep on)

There's nothing taking me down

(Keep on, keep on, keep on)

You spin me up and around

We keep on reaching higher ground (Keep on)  
There's nothing taking me down (Keep on)

You spin me up and around  
We keep on reaching higher ground (Keep on)  
There's nothing taking me down  
We keep on reaching higher ground (Keep on)
