

# I Remember

## Purple Disco Machine

I haven't been the same since then  
Maybe you've changed at the same pace, mm  
Maybe I'll see you soon again  
It will be just like the old times

And I can show you how I've changed  
And talk about new things  
And our younger, younger days again

We were young before we knew love  
We were young before we knew love  
We were young before we knew love (I remember you, I remember)  
We were young before we knew love (I remember you, I remember)

Your blonde hair shimmers in the sunshine (I remember you, I remember)  
Is the picture I dreamed of  
We fucked up and then moved on but (I remember you, I remember)  
But I remember from time to time

And I can show you how I've changed  
Talk about new things  
And our younger, younger days again

We were young before we knew love (I remember you, I remember)  
We were young before we knew love (I remember you, I remember)  
We were young before we knew love (I remember you, I remember)  
We were young before we knew love (I remember you, I remember)

I remember you back from the first time  
I remember the blue that filled your eyes  
And I was blinded by the sunrise  
Your silhouettes stayed in my mind

We were young before we knew love (I remember you, I remember)  
We were young before we knew love (I remember you, I remember)  
We were young before we knew love (I remember you, I remember)  
We were young before we knew love (I remember you, I remember)
