

Take It Easy

Purple Disco Machine

Take it easy
Keep it cool
Mmm, mm-hmm
All we really want is
Take it easy
Yeah-yeah-yeah
Keep it cool

(Be hot, be hot)
(Be hot, be hot)

It's easy when you live like us
I bet you think we're kings and queens
Come with us, we have enough
We take two of everything

Take it easy, keep it cool
Where we go it's hard to say
All we really want is
Take it easy, keep it cool

Hollywood can come away
All we really want is
Me and Mike Havana flying over the sea
I gotta get me off policy

So take it easy, keep it cool
Where we go it's hard to say
All we really want is a good time

(Be hot, be hot)
Keep it cool
(Be hot, be hot)

I'm just chilling like champagne
And everybody wants a sip
The juice is purple, shake my brain
I'm vintage and I love it

Take it easy, keep it cool
Where we go it's hard to say
All we really want is
Take it easy, keep it cool

Hollywood can come away
All we really want is
Me and Mike Havana flying over the sea
I gotta get me off policy

So take it easy, keep it cool
Where we go it's hard to say
All we really want is a good time

(Be hot, be hot)
Yeah-yeah-yeah
Keep it cool
(Be hot, be hot)

Ooh
When it feel this good, when it feel this good it can't be wrong
Ooh, ooh
When it feel this good, yeah feel this good, it cannot, cannot, cannot be wrong

Take it easy, keep it cool
Where we go it's hard to say
All we really want is
Take it easy, keep it cool
(Something cool)

Hollywood can come away
All we really want is
Me and Mike Havana flying over the sea
I gotta get me off policy

So take it easy, keep it cool
Where we go it's hard to say
All we really want is a good time

Take it easy
Keep it cool
Mmm, mm-hmm
All we really want is
Take it easy
