Twisted Mind

Purple Disco Machine

Twisted baby
Are you twisted like me?

Oh, baby, in this very moment everything seems to come alive
I could stay in this zone with you forever
(Wrong or right)
Everything falls into place when I look into your eyes
You're such a crazy wild bird and you taste like summer
(Paradise)

You got a twisted mind and so do I
So go ahead, honey, mess me up
We are the same nature, two of a kind
That keeps coming back for more

You got a twisted mind and so do I
So go ahead, honey, mess me up
We are the same nature, two of a kind
That keeps coming back for more

Hot stuff, baby, dynamite, you
Blow my mind
Come and light me up, impress me
(We can go all night)

You got a twisted mind and so do I
So go ahead, honey, mess me up
We are the same nature, two of a kind
That keeps coming back for more

You got a twisted mind and so do I
So go ahead, honey, mess me up
We are the same nature, two of a kind
That keeps coming back for more

We can go all night
You got a twisted mind, twisted mind
We can go all night
Just like me, yeah

We can go
Go all night, yeah
We can go all night
Yes, we can
We can go all night

You got a twisted mind and so do I
So go ahead, honey, mess me up
We are the same nature, two of a kind
That keeps coming back for more

You got a twisted mind and so do I
So go ahead, honey, mess me up
We are the same nature, two of a kind
That keeps coming back for more

We can go all night

You got a twisted mind, twisted mind
We can go all night
You got a twisted mind, twisted mind
