

# Breathe

Puscifer

Don't be afraid  
Don't be ashamed  
The body has a need  
The body has a need

Surrender to the hunger  
Got to let the body feed  
Surrender to the hunger  
Got to let the body feed

Everybody has a need

Surrender to the hunger  
Got to let the body feed  
Surrender to the hunger  
Got to let the body feed

Don't forget to breathe

Surrender to the hunger  
Ooh ooh

The body has a need  
No one is a stranger  
The body has a need  
No one is a stranger

Surrender to the hunger  
Got to let the body feed  
Surrender to the hunger  
Got to let the body feed

Surrender to the hunger  
Got to let the body feed  
Surrender to the hunger  
Got to let the body feed

Don't forget to breathe [repeats]
