

Grey Area

Puscifer

No more real, no more lie
This is the age of confusion
Obliterating the lines
Here in the digital paradigm

Nothing factual, nothing fictional, interchangeable
This is the age of confusion
Nothing factual, nothing fictional, interchangeable
Here in the digital paradigm
So expendable

No SI override
We're on the verge of extinction
Hallucinating to survive
Here in the digital paradigm

Nothing factual, nothing fictional, interchangeable
Nothing factual, nothing fictional, interchangeable
All sensational

No SI override
We're on the verge of extinction
Hallucinating to survive
Here in the digital paradigm

Nothing factual
Black is white is grey is gone
Genuine and fraudulent maze
Ones are zeroes, zeroes ones from now on
Out of tune and phase
Nothing factual (Nothing factual)
Nothing factual (Nothing factual)
