

# Pendulum

Puscifer

Swing, swing away  
Swing, cold pendulum  
Deaf and dumb to añafil  
Heralding our hubris

Scythe, raze and topple our monuments  
Blindsided mortal consequence  
Vainglorious

Dogmatism brought to heel  
So much certitude and arrogance

Swing, swing, oh, pendulum  
Raze hamartia and hubris  
Swing, swing, oh, pendulum  
Bring the balance and our terminus  
Swing, oh, pendulum  
So proud and supercilious  
Swing, oh, pendulum  
Bring the balance and our terminus

Swing  
Swing  
Swing

Swing, swing away  
Swing, cold pendulum  
Deaf and dumb to añafil  
Heralding our hubris

Split and sunder our overconfidence  
Vainglorious

Swing, oh, pendulum  
So proud and supercilious  
Swing, oh, pendulum  
Bring the balance and our terminus  
Swing, swing, swing  
Bring the balance and our terminus
