

The Underwhelming

Puscifer

Parallel
This path you travel
Similar
But far from equal
Contentious
Glorious friction
Awakens the
Cognizant and mindful

You were broken so
You have broken free
Now you see right through
The king's new clothing

Formative
Extreme conditions
Tempering
Your will and way
Mindful now
Of graceless dullards
Plodding through
Their vapid cabaret

You were broken so
You have broken free
Now you see right through
The king's new clothing

Vision
And mission first
Serve your (Serve your role by)
Role by shunning all the underwhelming

You were broken so
You have broken free
Now you see right through
The king's new clothing
Like minds broken
Like minds breaking free
Now we see right through
The king's new clothing

Vision
And mission first
Serve your (Serve your role by)
Role by shunning all the underwhelming
