

# Rock N Roll

Pusha T

If I ain't got nothin'-  
If I ain't got nothin'-  
One plus one, plus one, plus one  
Plus one, plus one, plus one equals two

Yeah, I'm sayin' somethin', they want it the old way (Yeah)  
Comin' down the block, the windows are so hazy (Yeah)  
Never said, "I can't," my nigga, there's no way (No way)  
Every time we wild, that's rock n' roll, baby

It's back to the basics, hopped back in the matrix  
Gave the Maybach back, back, now it's off to the races  
Had 'em tappin' my phones, so I blurred out the faces  
The new David Ruffin, I just follow Temptation  
When you follow The Rager, the money is outrageous  
Look at me, legally sellin' dope on all of these stages  
Van Cleef & Arpels, V got all of the bracelets  
The keys and the codes, and know where all of the safes is  
We don't make mistakes here, we don't take no breaks here  
My son is like a work of art, his father's like Shakespeare  
I've done the impossible, I should wear a cape here  
A "C" on my chest, coke dealers, come and play here  
Career's in it's eighth gear, nothin' left to do but levitate  
I'm David Blaine here, I could disappear, I swear  
We been gettin' change here, so what's really changed here?  
Still next to Ye in here

Yeah, I'm sayin' somethin', they want it the old way (Yeah)  
Comin' down the block, the windows are so hazy (Yeah)  
Never said, "I can't," my nigga, there's no way (No way)  
Every time we wild, that's rock n' roll, baby  
This is my story, and yes, you should pay me (Uh)  
Told her, "I ain't stayin' the night," she might hate me (No)  
Life is where it's been, where they not, it's so crazy  
Every time we wild, it's rock n' roll, baby

We the only clique takin' risk  
Touchin' live, fuck your hits  
Touch the skies when you rich  
Every drop make 'em blitz  
I'd done drove every six  
I'd done glowed every wrist  
Every plot got a twist, when you sink a battleship  
I'm confused by your list  
Who are you's to convince?  
All the mules that I sent  
What'd I miss?  
I been gettin' at these coins as I'm breakin' down the brick  
Make the jump to each level, Super Mario exists  
All the spoons that were bent, all the fumes through the vents  
I don't care what they do, this ain't that, that ain't this  
I'm the trap, I'm the fix, I'm the broker, I'm The Joker  
In the deck, Arthur Fleck, when he's pissed, triple six

I accepted you the lie  
All the times, selfish, thinking you was mine  
I showed up, then you arrived, I thought I could turn the tides

How I make it through the Chi', get to you, and almost die?  
Finally tired of comin' and goin', make up your mind  
I ain't come to pick up the kids to pick a fight  
Goin' off all of the time, showin' off all of the time  
Pushing me over the edge, don't know if I'm fallin' or flyin'  
How many nights I pray, how many times?  
No matter what we say, God will decide, God will decide  
Call the divine, stars will align, stars will align  
Love my mama, but sometimes, Dad was right  
Take his hand, hold on with all of your might  
When you're lost in the light, call on the light  
Follow the signs, walk in the shine

See, I'm losin' time  
See, I really wanna live my life, oh  
See, I want more, I want more, I want more  
See a nigga try, yeah, oh, it never dries, oh  
See, I want more, I want more, I want more

If I ain't got nothin'—  
If I ain't got nothin'—  
One plus one, plus one, plus one  
Plus one, plus one, plus one equals two  
If I ain't got nothin'—  
If I ain't got nothin'—  
One plus one, plus one, plus one  
Plus one, plus one, plus one equals two
