

HATEFUCK

Pussy Riot

Боже, боже, боже, боже
Храни наше блядство
Госпожа на троне
Новое русское дворянство
Госпожа на троне, госпожа на троне
Загляни в мою пизду
Ты в ней утонешь

Oh my god, I just gag
I just throw up in my mouth
I'ma squirt some kerosine
Gonna set fire to your house
Oh my god, that's the bad
You just really grossed me out
Gonna withdraw then fuck your dad
Shove my appendage in his mouth

You make me sick, make me sad
How do you fuck everything up so bad?
It's so repulsive you even have a pulse
That I should put you up in a body bag, gag
I loathe and detest you
Utterly abhor you
Wish I been around to tell your mother to abort you

I wanna hatefuck
I wanna get you on your knees and make you cry blood
I, I wanna hatefuck
I wanna get you on your knees and make you cry blood
I

Make you numb and lose the feeling
It's so funny when you're bleeding
I wanna hatefuck
I wanna get you on your knees and make you cry blood
I

I hate when you talk
Hate when you look at me
I wanna hatefuck
Torture you so slowly
I wanna hatefuck you
I wanna hatefuck you
I wanna hatefuck you
I wanna hatefuck you

Fucking disgusting
It's not worth discussing
So quit all your fussing with me, I
Don't wanna know it
Just take it and shove it up your guts, reach up in your windpipe
I don't play nice and my name isn't mommy
You better address me as miss, boy
Ew, bitch, gross
Gotta get my claws down your throat, uh

Боже, мне так кринжéво

Ты не в моём вкусе
Ты чувствуешь жопой я твоя госпожа
Послужи хорошо моей pussy
Мы же так не похожи
Пьёшь кровь Иисуса
Я люблю свежую сперму во рту
И в блядстве моём только плюсы

I wanna hatefuck
I wanna get you on your knees and make you cry blood
I, I wanna hatefuck
I wanna get you on your knees and make you cry blood
I

Make you numb and lose the feeling
It's so funny when you're bleeding
I wanna hatefuck
I wanna get you on your knees and make you cry blood
I

I hate when you talk
Hate when you look at me
I wanna hatefuck
Torture you so slowly
I wanna hatefuck you
I wanna hatefuck you
I wanna hatefuck you
I wanna hatefuck you
Fuck you
