

Wake up and see the ocean  
Sunshine again, today  
Put on my happy face  
I'm 'bout to play my favorite game  
I'm living in a movie  
My friends are superstars  
I really mourn for nothing  
Can't complain in fancy cars

But my life is like a puzzle  
That I mostly solved, but something still feels off  
I've got this hole inside of me that can't be filled

'Cause I'm still horny  
I've got this hole inside of me  
Can't keep ignoring  
How my whole body aches  
'Cause I'm so horny (Don't, don't, don't-don't, don't)  
'Cause I'm so horny  
So you will please me  
Don't, don't, don't-don't, don't (Don't)  
Don't, don't, don't-don't, don't (Don't)

I'm underneath the full moon  
I feel some type of way  
I roll up to the party  
Head to toe, leather and lace  
Everyone thinks they know me  
'Cause I'm a superstar  
Well, I can promise one thing  
You don't know this girl at all

'Cause my life is like a puzzle  
That I mostly solved, but something still feels off  
I've got this hole inside of me that can't be filled

'Cause I'm still horny  
I've got this hole inside of me  
Can't keep ignoring  
How my whole body aches  
'Cause I'm so horny (Don't, don't, don't-don't, don't)  
'Cause I'm so horny  
So you will please me  
Don't, don't, don't-don't, don't (Don't)  
Don't, don't, don't-don't, don't
