

Elevator

Pussycat Dolls

If we could stop fightin' each other
Long enough for us to see that, see that, see that
That we are stronger together than separate
You gotta believe that, 'lieve that, 'lieve that

But you love me today, don't want me 'round tomorrow
Every time you change your mind, I follow
Caught up, fall up in your maze and I'm so dizzy, babe
Can't keep goin' back and forth on these waves
I'm gettin' sea sick, sea sick, sea sick

Like the way we were before
And I wanna know if we can go
Back to the days when we was close
'Cos sometimes I think I'm solo
Think you don't want me no more

And I gotta get up off this seesaw
We're like an elevator
We go up and we go down
Down, down, like an elevator
We touch the sky and touch the ground
Ground, ground, like an elevator

You stuck on one while I'm pressin' three
Then we get up on the fourth floor
But then we disagree and you keep on blamin' me
But I wish that you would see
That I'm just tryna elevate ya like an elevator

Take you higher, t-t-take you higher
That I'm just tryna elevate ya like an elevator
Take you higher, t-t-take you higher
That I'm just tryna elevate ya like an elevator

And I feel like we speakin' two different languages
It's hard to read ya, read ya, read ya
But I know if you at least try to make it half way
I swear that I'll meet ya, meet ya, meet ya

But we can't have a conversation without beefin'
Yellin' back and forth for no good reason
I won't let you leave and you keep askin' me to stay
One of us better figure out what we want
'Cos I'm gettin' a headache, headache, headache

Like the way we were before
And I wanna know if we can go
Back to the days when we was close
'Cos sometimes I think I'm solo
Think you don't want me no more

And I gotta get up off this seesaw
We're like an elevator
We go up and we go down
Down, down, like an elevator
We touch the sky and touch the ground

Ground, ground, like an elevator

You stuck on one while I'm pressin' three
Then we get up on the fourth floor
But then we disagree and you keep on blamin' me
But I wish that you would see
That I'm just tryna elevate ya like an elevator

Oh, if there's any man who understand what I'm sayin'
Won't you help me say yeah, yeah, yeah?
Oh, there gotta be some women who feelin' the way I'm feelin'
Say yeah, yeah, yeah

I'll take the blame if that'll make this go stop
I'll hope for you if we can make it to the top
But we gotta find a way to break down these walls, baby
I'm waitin' on you, stop waitin' on me, damn this elevator

We go up and we go down
Down, down, like an elevator
We touch the sky and touch the ground
Ground, ground, like an elevator

You stuck on one while I'm pressin' three
Then we get up on the fourth floor
But then we disagree and you keep on blamin' me
But I wish that you would see
That I'm just tryna elevate ya like an elevator

Take you higher, t-t-take you higher
That I'm just tryna elevate ya like an elevator
Take you higher, t-t-take you higher
That I'm just tryna elevate ya like an elevator
