

Alleghenny

Pussycat

There are times I remember a valley
With it's trees soaked by waterfall rain
From the mountains of high Alleghenny
Files an eagle way down into the grain

I see places where children were playin'
Till the sunset turned all silver lined
Ev'rytime I'm alone
My Aleghenny home
Callin' me to the place I left behind

Alleghenny, Alleghenny, Alleghenny
Send your echo way up to the sky
Alleghenny, Alleghenny, Alleghenny
Call me back till the day I'd die

Where the shadows fall down from the hillside
I've been dreamin' my daydreams away
May seasons have flown
My Aleghenny home
Callin' me to the place I left behind

Alleghenny, Alleghenny, Alleghenny
Send your echo way up to the sky
Alleghenny, Alleghenny, Alleghenny
Call me back till the day I'd die
