

Chicano

Pussycat

You don't know what it's like to live easy
You're just pushed like a black rubber ball
There are days that you're trying to please me
And may never get fun at all

You believe in the early sunrise
Be a part of American dream
Your siesta begins at midnight
But live once you've never been

Hey Chico get back to Rico
Where you play your guitar every day
Tell me cheat, I'll be waiting still
In Magdalena Bay

Chicano your lost for a while
Chicano your lost for a while
'Cause when seven days and seven nights
Take away your style

Chicano your lost for a while
Chicano your lost for a while
It's a dead end street your going through
Blue has turned to grey
Chicano you can't stay

You are watching revelry much longer
And if someone reminds you of home
You'll be eating your taco stronger
And your friends they did leave you alone

Hey Chico get back to Rico
Where you play your guitar every day
Tell me cheat, I'll be waiting still
In Magdalena Bay

Chicano your lost for a while
Chicano your lost for a while
'Cause when seven days and seven nights
Take away your style

Chicano your lost for a while
Chicano your lost for a while
It's a dead end street your going through
Blue has turned to grey
Chicano you can't stay
