

# Who's Gonna Love You

**Pussycat**

So this girl is gonna take you away?  
Oh, I hope you won't regret it one day  
'Cause who is gonna love you  
Who's gonna love you as I don't?

Oh, I know you think she's like sparkling wine  
But this glass will be empty in no time  
And who is gonna love you  
Who is gonna love you as I don't?

But if this is what you wanna do  
Makes no difference who is fooling you  
'Cause somewhere in your heart  
There'll always be a part that's calling just for me

Now if you say this is really goodbye  
Once there will be tears in your eyes  
Aand who is gonna love you  
Who is gonna love you as I don't?
