

It's A Game

Putri Ariani

Saw you at the café, you were look kinda shy
Caught your eye, couldn't lie, I just had to say hi
Now you're blowin' up my phone, tryna catch my vibe
But boy, I like to make you wait

Oh, you keep textin', knockin', on my phone screen
But I'm laughing feeling so happy
I'm just dance and dance and dance through my day, can't you see?
It's a game, it's a game, you can't catch me

Every text that you send, just like a-b-c
Thinkin' how you're try, makes my day so bright
And my friends laughing too, we love to make humor
Cause boy, I like to make you wait, keep you on the line

Oh, you keep textin', knockin' on my phone screen (textin' knockin' on my phone screen)
But I'm laughing, feeling so happy (oh, yeah)
I'm just dance and dance and dance through my day, can't you see?
It's a game, it's a game, you can't catch me

Don't move it to fast, come down
You know, I just act along
Maybe someday we'll see where it goes
But for now, enjoy the show

Oh, you keep textin', knockin', on my phone screen (textin' knockin' on my phone screen)
But I'm laughing, feeling so happy (feeling so happy)
I'm just dance and dance and dance through my day, can't you see?
It's a game, it's a game, you can't catch me

Oh, you keep textin', knockin', on my phone screen (textin' knockin' on my phone screen)
But I'm laughing, feeling so happy
I'm just dance and dance and dance through my day, can't you see?
It's a game, it's a game, you can't catch me, yeah
