

Haha

Yeah, you wanna talk about love  
I want sex right now  
I'll show you fillin' it up  
I can't control myself  
Five, four, three, two, one, destruct  
I want filth right now  
It's gonna boil my blood, oh  
It's gonna fuck my health

I can't control myself  
Move around in it  
Pull me down in it  
Make me drown in it  
In the filth right now  
Slip and slide in it  
Take my time in it  
I would die in it  
In the filth right now

I'm playin' Russian roulette (Oh, uh-huh)  
I'm drinkin' acid rain (Yeah, yeah)  
And it's a little too late (Too late, too late)  
To sterilize my brain (Sterilize my brain, yeah)

I'm a filthy animal (Oh)  
I'm the fly up on your wall  
I'm the monster down the hall  
And I brought 'em to your door (To your door)  
Now I got you where I want  
Rub a paper cut with salt  
Are you thinkin' dirty thoughts? Yeah

I can't control myself  
Move around in it  
Pull me down in it  
Make me drown in it  
In the filth right now  
Slip and slide in it  
Take my time in it  
I would die in it  
In the filth right now  
In the filth right now

(Ooh)  
Swimmin' in my secrets  
Livin' in the deep end  
Spinnin' down the drain

I can't control myself  
Move around in it (Can't control myself)  
Pull me down in it  
Make me drown in it (Yeah)  
In the filth right now  
Slip and slide in it  
Take my time in it (Take my time)

I would die in it  
In the filth right now

Move around in it  
Pull me down in it  
Make me drown in it  
In the filth right now  
Slip and slide in it  
Take my time in it  
I would die in it
