

GODDESS

PVRIS

Oh
Haha, woo!
Ooh, I don't know who your god is
But I'm a goddess
So hypnotic
I'll write you a sonnet
You know I got it, so I flaunt it
Said you wanted iconic
I've been iconic since I started
I keep climbing and clawing
This shit is so exhausting

Ooh, la-la-la
So divine and entertaining
Ooh, la-la-la
I'm on fire and you can't tame it

Dance, goddess, dance
From Toledo to Japan
You got wings on command
You can fly like no one can
So come back from the dead
Keep 'em guessing Lazarus
Is she a wo- or a man?
I'm a motherfucking brand

I don't know who your god is
But I'm a goddess
So hypnotic
I'll write you a sonnet
You know I got it, so I flaunt it
Said you wanted iconic
I've been iconic since I started
I keep climbing and clawing
This shit is so exhausting

Ooh, la-la-la
So divine and entertaining
Ooh, la-la-la
I'm on fire and you can't tame it

Ooh, la-la-la
Ooh, la-la-la
Dance, goddess, dance
It's hypnotic, it's a trance
I said, dance, goddess, dance
It's your body, fuck the man
Dance, goddess, dance
It's hypnotic, it's a trance
I said, dance, goddess, dance
It's your body, fuck the man
Dance, goddess, dance
It's hypnotic, it's a trance
I said, dance, goddess, dance
It's your body, fuck the man
