

HEADLIGHTS

PVRIS

Summers in the headlights
Wind is in my hair, yeah
You're everything that I like
But I'm always in my head
I'm always in my head
I wish that I could feel right
'Cause every little thing is fine by your side

Hanging by a thread
My mind is in the clouds again
Can't tell what's ahead
Or how the last week came and went
Tuned out what you said
My fault, that's something I'll admit
And all I really know is

Summers in the headlights
Wind is in my hair, yeah
You're everything that I like
But I'm always in my head
I'm always in my head
I wish that I could feel right
'Cause every little thing is fine by your side

Is it in my mind? Is it in my mind?
It's in my mind, my mind
Is it in my mind? Yeah, it's in my mind
It's in my mind, it's in my mind
Yeah, it's in my mind, it's in my mind
My mind, yeah
Is it in my mind? Yeah, it's in my mind

Is it in my mind? Is it in my mind?
It's in my mind, my mind
Is it in my mind? Yeah, it's in my mind

Is it in my mind? Is it in my mind?
It's in my mind, my mind
Is it in my mind? Yeah, it's in my mind
It's in my mind, it's in my mind
Yeah, it's in my mind, it's in my mind
My mind, yeah
Is it in my mind? Yeah, it's in my mind
