

# Use Me

PVRIS

There's something about you  
It's not that I doubt you  
Angels circle around you  
'Cause you shouldn't be on your own  
I know that you need it  
I think you should leave with me  
'Cause you got me believing  
That you shouldn't be all alone

You can use all of me  
Take a hit  
Baby, breathe  
I can do all you need  
Take a hit  
Baby, breathe  
And use me

Ooh-ooh, ooh-ooh, ooh-ooh-ooh-ooh  
Ooh-ooh, ooh-ooh, ooh-ooh-ooh-ooh

Light as a feather  
Bodies are tethered  
I can wait here forever  
But I know you want it now  
Killing the pressure  
Release the tension  
Float through the ceiling  
You don't wanna be coming down

You can use all of me  
Take a hit  
Baby, breathe  
I can do all you need  
Take a hit  
Baby, breathe  
And use me

Ooh-ooh, ooh-ooh, ooh-ooh-ooh-ooh (And use me)  
Ooh-ooh, ooh-ooh, ooh-ooh-ooh-ooh (Use me)  
Ooh-ooh, ooh-ooh, ooh-ooh-ooh-ooh  
Ooh-ooh, ooh-ooh, ooh-ooh-ooh-ooh

You can use all of me  
Take a hit  
Baby, breathe  
I can do all you need  
Take a hit  
Baby, breathe  
And use me

Ooh-ooh, ooh-ooh, ooh-ooh-ooh-ooh  
Ooh-ooh, ooh-ooh, ooh-ooh-ooh-ooh
