

C U Around

PWR BTTM

I'm looking forward to the day
When I can see your face
And not wonder what I did that made you run away

I'm looking forward to the day
When we can be in the same place
And my heart won't start to beat at such a frantic pace

But today was not the day
So I just walked by
I didn't stop to ask how you were doing
I barely even said "hi"

But I noticed you looked down
I hope you're okay
I'll see you around

I'm really starting to miss your smile
I haven't seen it in a while
Just that pained imitation
That's really not your style

And don't get me started on your laugh
I mean the real one
Not that halfhearted impression
You've been putting on in everyone else's behalf

But today was not the day
So I just walked by
I didn't stop to ask how you were doing
I barely even said "hi"

But I noticed you look down
I hope you're okay
I'll see you around
