

New Trick

PWR BTTM

Good day, nice to meet you I guess
Not trying to cause a big scene
I'm not exactly a boy in a dress
But thank you, I know what you mean

Do you wanna ask me something?
Do you wanna look at me?
Do you wanna ask me something?
Open me up and see

Do you wanna learn a new trick?
You're gonna be so good at it
Do you wanna learn a new trick?
You'll think it's so funny that you thought you couldn't do it

Do you wanna learn a new trick?
You're gonna be so good at it
Do you wanna learn a new trick?
You'll think it's so funny that you thought you couldn't do it

Do you wanna ask me something?
See the way you look at me
It's all gonna be fine
If you just stop staring you'll be able to see

Do you wanna learn a new trick?
You're gonna be so good at it
Do you wanna learn a new trick?
You'll think it's so funny that you thought you couldn't do it

Do you wanna learn a new trick?
You're gonna be so good at it
Do you wanna learn a new trick?
You'll think it's so funny that you thought you couldn't do it
