

## Vacation

PWR BTTM

It is fine in the morning 'til the mid-afternoon  
Then it is five and I'm thinking of you  
So I get hammered with my family and friends  
Sober by midnight, think of you again

Oh it's such a long day

It happens on Mondays, Tuesdays as well  
Wednesday and Thursday are my personal hell  
I like the weekend, it gets pretty wild  
Think of you only once in a while

God it's such a long day  
Thinking of you this way  
Though I swear that I'm fine  
I'm like this all the time  
I just think that I need a break

But can I, can I, can I get a break - get a break?  
[?] can I, can I, can I get a break - get a break?  
[?] can I, can I, can I get a please, get a break?  
Can I, can I, can I get a break - get a vacation?
