Pyogenesis

I've got to go - I've got to care You 've got to know - You 've got to share You wanted me to stand behind I didn't want to be unkind When I was fair - you try to cheat Don't give me back that real hot heat You 're not the one I wanna be The one who suffers endlessly You wanna push me back Who the hell d'you think you are, now No need to think you were the last No need to sink into the past You weren't trying to prove some things But you were lying to be the king When I was fair - you try to cheat Don't give me back that real hot heat You're not the one I wanna be The one who suffers endlessly You wanna push me back Who the hell d'you think you are, now
