

Stop the Bleeding

Pyramaze

I fall forever
Reaching for lifelines in the nevermore
As I'm on the run
Heart had devotion
Can I overcome emotions in my broken soul
As I'm on the run

An ocean to embrace
Still I'm drowning in my hate

You pull me back and tell me you can stop the bleeding
Still you're crawling in the deepest of my skin
I know that all I need is just another healing
But you're all around the air I'm breathing in

Breathing in
I'm out of motion
Feels like I'm frozen in your endless sea
Is it meant to be?
Bending me backwards as you drown me in your ashes
Saying I'm to blame
When I'm on the run...

An ocean to embrace
Still I'm left here with my hate

You pull me back and tell me you can stop the bleeding
Still you're crawling in the deepest of my skin
I know that all I need is just another healing
But you're all around the air I'm breathing in

Try to place the blame on me
As you're looking at your enemy
This will be the end
Be the end of me
Try to place the blame on me
As you're looking at your enemy
This will be the end
Be the end of me
Oh
Try to place the blame on me
As you're looking at your enemy
This will be the end
Be the end of me

You pull me back and tell me you can stop the bleeding
Still you're crawling in the deepest of my skin
I know that all I need is just another healing
But you're all around the air I'm breathing in

You pull me back and tell me you can stop the bleeding
Still you're crawling in the deepest of my skin
I know that all I need is just another healing
But you're all around the air I'm breathing in

(The air I'm breathing in)
(The air that I'm breathing in)
