

Spider and fly, together in thinner together in prey
Weigh in, add in, say in, speak in, say in
The coffers in ways and in deeds and in ties
Spider and fly, together through supper, together say aye
Count in, way in, kill in, stay in, stay in
The filth of the rodent in ways and in lies
A path too great to choose, a path too great to choose
Dug in, dig in, stay in, die in, deed in,
add in, plus, sub in, fill in, flee in
"Spider" says fly, can ways and reason and rules yet apply
Stay in, laugh in, trade in, wade in, trade in
Truth and reason and fairness yet die
A path too great to choose, a path too great to choose
Eat the rubble and ruin
That won't feed this baby
Feed this baby another baby
