

## Hooray For Humans

Q and Not U

The way the hair frames  
Your face is like the way the lawn frames your home  
Drink H2O, breathe O2  
Left lane must turn left at signal  
Right lane must turn right at signal  
D o w n and that's the way we get down  
No scissors in bed  
Tired of waking up with a new haircut every morning  
So it's "no scissors in bed."  
Language sent to bed at signal  
Mystery sent to bed at signal  
Safety sent to bed at signal?  
The right hand signal  
Read along:  
1. refurnish the murder scene  
2. allow for motion discomfort  
3. make a pageant decoding your body  
4. aim to keep the air conditioned dishes dirty  
Now it's something we own  
It's burning  
They're burning it  
The vapor is killing us
