

# Hellfire

Q Lazzarus

Woah, yeah  
Oh, let me tell you now

There's a place, there's a place to go  
There's a place, there's a place I know  
Inside of each one of us  
Where you can face the dark side of your soul  
I could lead, I could lead you there  
I could take, I could take you where  
It's always midnight, I know  
I light the torch to see desire flare

Oh-oh, oh-oh

I'm talking about hell, hellfire  
I'm talking about hell, hellfire  
I'm talking about hell, hellfire  
I'm talking about hell, hellfire

Oh-oh, oh-oh  
Oh

I know where, I know where I'll stand  
Nothing, nothing is spent  
Where else can I search for myself  
But at the core of this lovely land?  
There's no place, there's no place to run  
Once the fun, once the fun is done  
We're treading through darkness or good  
In search of pleasure, we find pain, we endure

Oh-oh

Hell, hellfire  
I'm talkin' about hell, hellfire  
I'm talkin' about hell, hellfire  
I'm talkin' about hell, hellfire

I'm talkin' about hell, hell, hell, hell, hell, hell, hell, hell, hell, oh

Got a match? No  
Do you have a cigarette? No  
Can I buy you a drink? Sure, baby  
Just keep your hands to your side  
Don't touch me unless I let you  
Can I worship you? Sure  
Will you do anything?  
Anything, anything, anything, anything  
Ropes are like sun  
Pearls are like chains  
I need, I need pleasure and pain

Hell, oh, hellfire  
I'm talkin' about hell, hellfire  
I'm talkin' about hell, hellfire  
I'm talkin' about hell, hell, hell, hell, hellfire

I'm talkin' about huh, huh, huh, huh, huh, huh, huh, huh, huh  
Oh, uh
