

# Hello

Q

Feels like a million years since I got out of here  
My brain's fried from the lies I've been tellin' myself  
To be honest, I have secrets that I always kept  
Now it's time for me to get out and just be myself

Hello

Hello

Hello (This I don't talk enough, I don't want yo tell you what, it's 'bout t  
o be in a motherfucking animal)

Hello (This I don't talk enough, I don't want yo tell you what, it's 'bout t  
o be in a motherfucking animal)

Mm

How much time did I lose and how much time I spent?  
I was lost and lonely and my back was bent  
And the voices that I followed chained me to my bed  
And the people that's around me thought that I'd be dead  
I like to joke, I like to play and I think it's alright  
I'm immature in certain places, but, oh, well, it's life, so

Hello (I'm gettin' older now)

Hello (I'm ever changin' now)

Hello (I'm gettin' older now)

(This I don't talk enough, I don't want yo tell you what, it's 'bout to be i  
n a motherfucking animal)

Hello (I'm ever changin' now)

(This I don't talk enough, I don't want yo tell you what, it's 'bout to be i  
n a motherfucking animal)

Ha-ha-ha, go 'round in places

(This I don't talk enough, I don't want yo tell you what, it's 'bout to be i  
n a motherfucking animal)

(You try to run enough, Hennessy is the person now, voice 'bout to hurdle up  
and I feel my words)

Hello (What? What? What? What?)

(This I don't talk enough, I don't want yo tell you what, it's 'bout to be i  
n a motherfucking animal)

Hello (What? What? What? What?)

(You try to run enough, Hennessy is the person now, voice 'bout to hurdle up  
and I feel my words)

Hello (What? What? What? What?)

(This I don't talk enough, I don't want yo tell you what, it's 'bout to be i  
n a motherfucking animal)

Hello (What? What? What? What?)

(You try to run enough, Hennessy is the person now, voice 'bout to hurdle up  
and I feel my words)

Can't you see the thought I'm free?

My name is Q, that's all you need

Hello? What's up? Can't you come over?

And let's get up, it's time to show up

How low, how high, it's time to fly

Hello, come over, it's 'bout to go up

My name is Q, and yes, I'm nice

Hello, come over, hello, hello

(This I don't talk enough, I don't want yo tell you what, it's 'bout to be i  
n a motherfucking animal)  
A voice is always tellin' me I'm better than I'll ever be  
(Who you tryna rip off? You can't get off, who you tryna rip off? Uh-uh)  
The world can be an enemy, it's tryna get the best of me  
(This I don't talk enough, I don't want yo tell you what, it's 'bout to be i  
n a motherfucking animal)  
So I say, "Hello"  
Hello  
Hello  
Hello  
So I say, "Hello"  
Hello  
Hello  
Hello  
So I say, "Hello" (Hello)  
Hello (Hello)  
Hello (Hello)  
Hello  
So I say, "Hello"
