

## Lavender

Q

There's something in the air that makes me wanna get closer to  
you  
It might be what you put on your clothes when you wake up in the  
mornings  
Might be the beautiful flower that you pick from your backyard  
And to me that's the best part  
Of playin' with lavender, favorite smell on you girl  
And I love to do what you don't ever get  
When it's lavender, all of you feels the, yeah  
I'm tellin' you, you make me feel  
Oh  
Ooh, ooh, ooh

Lavender  
Lavender is what is in the air, ooh  
Lavender  
Lavender is what is in the hair
