

moving on and on

Q

I heard a lot of things that's in your mind
I came to comfort you with all my time
It don't matter, it's not anything
But this contentment's breeding everything
I used to blame me, but I'm a good guy
We have our issues, we have problems
But we love each other, let it fly

Everybody's different now
It don't matter what I said
You made your mind up, now you let it fly
But everything is moving on
Moving on
On and on and on
On and on and on
So baby, don't break this, baby, don't break this
I'm gonna chase it down (Oh-ooh-woah, ooh-woah, ooh-woah)

I'm gonna chase it down (Oh-ooh-woah, ooh-woah, ooh-woah)
