

Wonder

Q

Baby I've been moving like I don't want to
Feels like I have no one here to hold onto
My life has been a maze but I found somethings
That I could crave that I don't ever need to
Put in my whole soul but
I finally found something that makes me feel like I'm wanted
My mind been playing games on me I feel haunted
A million times I cried cause that's the shit that just won't p
lay
Coz she thinks that I'm crazy so I just wonder
Wonder oh
You left me here and it starts to just wonder oooohh yeah
You make me wanna
It makes me wanna
I never know
I never ever feel no more
