QoryGore

Like a rocket taking off  
I will flyin to the top  
Benz 'bout to hit da road  
Come out in the beast mode  
I'm ready to explode  
Watch me, watch me yeah  
I'm ready to explode  
Watch me, watch me yeah  
When I smash you can't see me no more  
Like a ghost  
Quick like a lightning bolt, I'm the flash  
Watch me, watch me yeah  
I'm ready to explode  
Watch me watch me yeah

Look  
Uh the way you walkin pass me  
You be gettin nasty yes you gettin nasty  
Uh the way you walkin pass me  
I see ya moving  
I don't care whatchu doin

Everywhere dat I go  
As long as I get paid  
Gonna hit the club then Imma get laid  
Homies always got me, never feel afraid  
I'm sitting here while watch your legacy fade

I still will do the same  
Even in this fame  
So tell me in the end  
Who survive in this game  
You already know my name so

Imma teach how to do it right  
Youre not ready for the fight  
Let me tell you for a fact  
Look at my stacks

Yea I let shit go like I bust a nut  
You ain't doin shit and you wanna cut  
Get the fuck out man you getting cut

Always on the move like a cargo  
Used to living fast like my car go  
Look how far that I go fuck the five - 0

On the low they be praying on my downfall  
But you know when they fall I'm the one they call  
The irony, they be on that bullshit  
Like sayin they be killin, but they ain't never pull shit
