Once upon a rhyme, I always on my grind, livin'  
Look in the mirror, I'm the beast, no teacher  
Grew up in the jungle, never sleep now I'mma street freak  
Living like a king, you know who I am bitch

Yo hello, who are you?  
Why you're stuck in rewind?  
Sell your soul, sell your fame, sell your girl, sell your son  
Yo hello, who are you?  
Why you're stuck in rewind?  
Doing type shit, still I'm the real one, who's gonna shine

My ideology, its reality, you hear me  
But I don't mean to say bad words to you let me intro myself

Shout out to my money, poppin' bottles everynight  
Shout out to my momma, pray for me everynight  
Shout out to my wingman y'all ready for the ride

Shout out to my bitches, I said "Hey What's your name?"  
Years after years, I'm still the same  
No stressin', just flexin', no stressin', just bless  
A legend in the making, remember my name

Shout out to you who don't quit  
Yeah, we're ready to spit  
People nowadays looking for trend, they'll never sit
