Muscles up

I'm awake, with my muscles up
Muscles up (uh)
Push it push it, wake up
Bang, pull a glock (uh)
Stacks in my bag
Unzip dat, make it rain (uh)
I'm tryna flex
Bitch move, no respect

Close the door
I don't give a damn about the law
I never trust, never trust
I'm awake, hold my muscle up (muscle up)
I'm tryna flex
Bitch move no respect

Look
What's going on in society
How can we survive
Fighting for a gas price
They fed us with the a bag of lies
Junkies droppin like flies, (yikes)
Fuck these corrupt mice

We just trying to survive
Bitch
Eat the drip, eat the drip
Are you for real?
Talking about tax and insurance
Are you for real?
Bitch
Eat the drip, eat the drip
Are you for real?
We just trying to survive

But I ain't got chance to explore, so
I'm awake, with my muscles up (muscle up) (uh)
Push it push it, wake up
Bang, pull a glock (uh)
Stacks in my bag
Unzip dat, make it rain
I'm tryna flex
Bitch move, no respect

Bitches begging to play
While I have some bills to pay
They backstabbing (wow) when I stop giving (wow)
Bunch a hoes
You either die or you're struggling
So bitch sorry
I never had a time for some dates
Got busy making plans with my teammates
Going state to state

Eat the drip, eat the drip

Are you for real?
Don't give a daym about the law
(Uh uh)
Eat the drip, eat the drip
Are you for real?
Don't give a daym about the law

They're taking it over, no day break
Getting in the pit, at any rate
You need a higher level, can't imitate
And they get straight, make no mistake

But I ain't got chance to explore, so
I'm awake, with my muscles up (muscle up) (uh)
Push it push it, wake up
Bang, pull a glock (uh)
Stacks in my bag
Unzip dat, make it rain
I'm tryna flex
Bitch move, no respect
