Sampai ketemu di atas yeah

New things we be workin' new things we'd like to keep it that way
Slebew!
We got sauce, we got juice
We got sauce, we got juice
We got sauce, we got juice
Sampai ketemu di top
Sampai ketemu di spot
Sampai ketemu we up
In this bitch whats up
Sampai ketemu di atas yeah
See our moves we go vroom
See the views so we cruise
In the stu cookin stews
Gimme dat make it two (its so good)
Gimme that gimme that gimme that
Gimme that tempo gimme that whoa
Gimme that gas homie time to go
Got a hook and the lines, yeah we go
Let it play, she be like yeah, that's dope
Someone tell me where the bread is
I like it well toasted, I want them extra crisp
Aku makan satu per satu aku rakus aku bungkus
Kita sibuk, cari roti (bread)
Anti ngarang story
Bukan fiksi itu loki
Suka bohong rapper topi (that's cap)
Do it fast itu quickie
Di tikungan bagai rossi
Yang ku bawa padat berisi
Berat macam vocal gory
Pen game semi automatic its my time to go up with the cadence
Leveled up borderline dangerous
Buss it down everyday practice
Pray that we never stumble
Don't ask for a feature, if you're not in my circle
Supersonic speed foot on the pedal pretty boy gory skuy
Sampai ketemu di top
Sampai ketemu di spot
Sampai ketemu we up
In this bitch whats up
