

Tragic

QoryGore

Hmm...

Its been too long
Situation like this
Tragic

While I'm with you
Happiness like hennessy
Three words of synergy
Blew me away from the point
Heartless and pain you gave me sellin' point
I don't wanna forget you
Don't wanna forget you
But sorry babe
Why you're forcing me to stay from time to time
Blame me for all the situation
You killin' me inside
Then step aside
Drag me to the fire
Push them away from my side
Again and again
Multiple times
Don't wanna forget you
I hate it but can't ignore it
God please give me the path
I don't wanna be a hypocrite

Why you always confront me
Tears and pain flows in me, yea yea
This game that your pro
Please babe just let me go
Why you always confront me
Tears and pain flows in me, yea yea
Your desire makes me trippin'

Once a week you always call
Let me in at the night I sneak and crawl, yeah
Physical body talk
The only one that I hold
Up all night at my lap
Got this feeling I cant block
Girl u are like a dreadlock
Always need more extention
Push me back oh babe
On that night you're special
Cocaine lust on another level
So confusin' this feelin' about to losin'
You tears me up
And I don't know what I'm doin'

There's nothing left to say
Let me walk away
I don't wanna waste my time to spend, yea
Don't push away my queen will be comin'
Our things already done we're movin'
There's nothing left to say
Let me walk away
I don't wanna waste my time to spend, yea

Don't push away my queen will be comin'
Our things already done we're movin'

Why you always confront me
Tears and pain flows in me, yea yea
This game that your pro
Please babe just let me go
Why you always confront me
Tears and pain flows in me, yea yea
Your desire makes me trippin'
