

don't mind me

Quadeca

Don't mind me
I'm somewhere in between
Closed eyes and a dream
Closed eyes and a dream
Don't mind me
Comb through the pictures
Search and seizure
I'm somewhere in between
A coma and some anesthesia
Somewhere in between
Closed eyes and a dream
Closed eyes and a dream (Dream, dream, dream, dream)

Don't mind me (Comb through the pictures)
I'm somewhere in between (Search and seizure)
Closed eyes and a dream (Somewhere in between)
Closed eyes and a dream (Between a coma and your anesthesia)
Somewhere in between
Closed eyes and a dream

Opening boxes
Looking for closure
You point to the sky, if only you knew
I'm so much closer, yeah
Yeah, it's alright, I'm right by your side
Just over your shoulder
I came here to handle my business
I came here to dust off the sofa, uh
Huh (Yeah)
Have you canceled my Hulu subscription? (Ooh)
You opened my drawer and went through some more
Some letters, a few of the pictures
You made a collage, a souvenir version of me
Curated, perfect and neat
Rebuilt the memories, re-said the words that I speak
Reborn through the dirt and the weeds, yeah
Formaldehyde
Maybe you don't have to cry
Get the scraps
Piece me back to life
Ignore the static
Getting more erratic
Close the boxes up
And put that shit up in the attic
I'm running outta space up there
Like you won't imagine
I'm running outta space up there
I don't know what happened
I don't know where I went
I don't know where I went
Left for some air, tied to the wind
Out through the vent

Don't mind me
I'm somewhere in between
Closed eyes and a dream
Closed eyes and a dream

Don't mind me
Comb through the pictures
Search and seizure
I'm somewhere in between
A coma and some anesthesia
Somewhere in between
Closed eyes and a dream
Mmm

Opening boxes, looking for closure
Standing right here, I shoulda told ya
Over your shoulder
Point to the sky, but I'm somewhere much closer
And now it's hard to try, I could cry
I'll help you on the other side
On the other side (On the other side)
On the other side (On the other side)
On the other side (On the other side)
On the other side (On the other side)
